Comment: The circulars for the last few filings have been unclear that they must file to adopt the Item Filing number and not the circular number or that they do not have to file to adopt the Item filing # because it will be assumed they are adopting it with the loss cost filing.

The circular for this filing must clearly state that the Item Filing # is B-1404 and that the insurer must file to adopt it by referring to the Item Filing number and not the Circular number.

Arkansas Insurance Department
1200 West Third Street
Little Rock, Arkansas 72201

Re: **Item B-1404—Basic Manual Revision to Appendix E—Table of Classifications by Hazard Group**

Dear Commissioner Bowman:

In accordance with the applicable statutes and regulations in your jurisdiction, I am filing for your consideration and approval the above-captioned item. This item filing is proposed to improve the format of Appendix E; the formatting changes are proposed to be updated by January 1, 2008.

The attached filing memorandum explains the purpose, background, proposal, impact, and implementation of this change.

This filing is made in reference by the members and subscribers of the National Council on Compensation Insurance, Inc. who are now writing or will write workers compensation insurance in Arkansas.

Thank you for your consideration.

Respectfully submitted,

NATIONAL COUNCIL ON COMPENSATION INSURANCE, INC.

A handwritten signature in black ink, reading "Terri Robinson", is positioned above the printed name.

Terri Robinson
State Relations Executive

FILING MEMORANDUM

ITEM B-1404—BASIC MANUAL REVISION TO APPENDIX E—TABLE OF CLASSIFICATIONS BY HAZARD GROUP

PURPOSE

The purpose of this item is to provide more information and improve the format of Appendix E—Table of Classifications by Hazard Group located in NCCI's *Basic Manual for Workers Compensation and Employers Liability Insurance*.

BACKGROUND

Item B-1403—Revision to Basic Manual and Retrospective Rating Plan Manual/2006 Update to Hazard Groups and Retrospective Rating Plan Parameters implemented Appendix E. Appendix E was designed to provide one Table of Classifications by Hazard Group that included the applicable state and the appropriate hazard group for each classification.

Due to the ongoing changes to the classification codes, it was determined that the existing structure can be enhanced to provide more detailed information on the availability and discontinuation of classification codes within Appendix E. These are formatting changes only. No substantive changes will be made as a result of this item.

PROPOSAL

It is proposed that the reformatted Appendix E as outlined in Exhibit 1 be adopted. The enhancements to Appendix E proposed by this item are as follows:

- Add a column titled "Discontinued in" showing the state(s) and discontinuation date in which each classification code is no longer applicable
- Add the effective date in the "Applies in" and "Discontinued in" columns

The availability and discontinuation dates within the table are indicated as "effective dates"¹. These effective dates are reflective of classification filings that are already approved; specifically, Items B-1397 (Revision to Basic Manual Classifications and Rules) and B-1387 (Revision to Basic Manual Classifications and Rules). As NCCI continues to update its classification codes, the effective dates² within the table will be updated accordingly.

IMPACT

There will be no premium impact resulting from this item as these changes are non-substantive. As part of NCCI's continuing effort to simplify and clarify manual rules, we anticipate that these changes will enhance the understanding of the content located in Appendix E.

1 The effective dates included within the Appendix E table should not be confused with the "implementation date" of this item. The implementation date for updating NCCI's *Basic Manual* is January 1, 2008 (see "Implementation" section), while the effective date refers to the availability and discontinuation dates of the hazard group assignment.

2 The approved effective date of the filing will be used.

FILING MEMORANDUM

ITEM B-1404—BASIC MANUAL REVISION TO APPENDIX E—TABLE OF CLASSIFICATIONS BY HAZARD GROUP

IMPLEMENTATION

The *Basic Manual* will be updated by January 1, 2008 to reflect the formatting changes provided in this item.

* The term "National" means that the classification code applies in all jurisdictions that follow the NCCI classification system (excluding West Virginia until the Table of Classifications by Hazard Group has been filed and approved in West Virginia).

** Carriers that elect to use NCCI's four hazard groups must make a filing in each state to adopt the four hazard groups referenced in this item.
